

Nimbus supported panels & technology

United Kingdom

Manufacturer	Panel	Technology
Advanced	MxPro 4 & MxPro 5	Fire alarm
Advantech	Adam 4000	Digital input
Ampac	FireFinder	Fire alarm
C-Tec	XFP (2 loop version only)	Fire alarm
Edwards (UTC)	EST	Fire alarm
Electro Detector	Zerio Plus	Fire alarm
EMS	FireCell	Fire alarm
EMS	IRIS	Wireless staff protection
Eurotech	sygno-fi	Fire alarm
Fike	DuoNet & QuadNet	Fire alarm
Fike	Twinflex (conventional)	Fire alarm
Gent (Honeywell)	Vigilon/3400	Fire alarm
Gent (Honeywell)	Compact	Fire alarm
Gent (Honeywell)	Nano	Fire alarm
Global Fire Equipment	Gekko	Fire alarm
Honeywell	XLS3000	Fire alarm
Honeywell	Galaxy	Intruder alarm
Hyfire	Taurus	Fire alarm
Kentec	Syncro AS	Fire alarm
Kentec	Taktis	Fire alarm
Morley-IAS (Honeywell)	ZX1e, ZX2e & ZX5e	Fire alarm
Morley (Honeywell)	DX Connexion	Fire alarm
Multi Alarm	Ifax	Fire alarm
Notifier (Honeywell)	ID3000	Fire alarm
Notifier (Honeywell)	ID60	Fire alarm
Notifier (Honeywell)	ID2000	Fire alarm
Notifier (Honeywell)	Pearl	Fire alarm

Manufacturer	Panel	Technology
Protec	6300, 6400 & 6500	Fire alarm
SMS (Honeywell)	Sen TRI One	Fire alarm
SMS (Honeywell)	Sen TRI Two	Fire alarm
SMS (Honeywell)	Sen TRI Four	Fire alarm
Siemens	Cerberus CS1140	Fire alarm
Siemens	Cerberus FC360	Fire alarm
Siemens	Cerberus FC720 range	Fire alarm
Static Systems	Static Fusion	Fire alarm
Thorn	Minerva 8/16E/80	Fire alarm
Tyco	FireClass	Fire alarm
Tyco	MX & MZX	Fire alarm
Tyco	Zettler	Fire alarm
Ziton	ZP3	Fire alarm
Ziton	ZP2	Fire alarm
Any	Conventional panel (fire & fault)	Fire alarm
Any IP	SNMP (bespoke driver support)	Information Technology (IT)

Nimbus (Fixed and Mobile Gateway) interfaces with building control systems/panels through the communications or printer port, IT systems through IP network, and independent systems (sprinklers/pumps/tanks etc.) via digital inputs. Nimbus provides a range of adaptors to facilitate all of the above connections.

The panels listed in this document are ONLY supported in the United Kingdom. Please contact Nimbus for panels supported in other countries.

We regularly update the Nimbus supported technology list. Please see the latest supported panels by scanning the QR code or visiting nimbusdigital.com/panels-uk
